Sky Ceiling

Design: Stefan Borselius

Sky Ceiling is to exploit the ceiling's untapped potential, both in terms of improving a room's soundscape and imbuing it with visual energy.

— The key is simplicity. So we developed a solution that allows Sky Ceiling to be mounted with magnets directly to a ceiling's metal construction.

Absorption

Diffusion

Tips from Abstracta!

Experiment with different arrangements and change things around. Create your own visual effect!

Explore Sky Wall and complete the look!

Measurements WxHxD (mm)

846 x 591 x 120 mm.

Colours, Certificates, Digital Images & CAD files:
