MagVision

MagVision is a highly functional and innovatively useful writing board consisting of a sheet of float glass mounted on magnetised metal.

Specifications

MagVision is a magnetic glass writing board that is available in optical white. The board can be mounted horizontally or vertically. Custom dimensions and photographic motifs available upon request. MagVision is also available with an E3 enamel writing surface in most sizes. A pen shelf in two different sizes is available as an accessory.

MagVision

Technical Specification

Material The writing board consists of a sheet of float glass mounted on magnetised metal. Glass thickness: 4 mm. Like MagVision E3 white board, it has no frame and instead has white painted bevelled edges.

Measurements	Dimensions	Weight
	630x490x15 mm	10 kg
	980x630x15 mm	17,5 kg
	1180x1000x15 mm	27,5 kg
	1480x1000x15 mm	37,5 kg
	1980x1000x15 mm	45,5 kg
	1480x1200x15mm	57,5 kg
	1980x1200x15 mm	58,5 kg

The board can be mounted horizontally or vertically (applies to all sizes except 1980x1000 and 1980x1200 mm).

Colour White.

Installation Mounted on wall using concealed fittings. When the board is mounted on the wall, the total depth is 15 mm.

Pen shelf Pen shelf in clear acrylic is attached with double-sided tape anywhere on the back of the bottom edge of the board. The shelf is available in two different sizes, length: 140mm/330mm.

Circularity Magvision is a very durable glass surface and meets the requirements for scratch resistance according to EN 14434:2010. This means that the surface can be used over time and reused without renovation.
