Design Studio Stockholm

Abstracta Agile is a portable digital screen made for work environments that demand excellent functionality, aesthetics and acoustics.

## Specifications

Abstracta Agile works like a project workspace on wheels, equipped with all the necessary tools. One side of the screen features a full length magnetic whiteboard, the other side contains an acoustic panel and the top section can accommodate an LCD display with video conferencing solution. There is a fold-out table for laptops on one side of the frame, which features an integrated cable (USB-C) for screen sharing.

The product can be equipped with a video conferencing solution, consisting of: Sharp/NEC Multisync ME552 LCD 55" display and Logitech MeetUp video camera/speaker.
